

**Barricades are the responsibility of the event organizer** and must comply with the City of Omaha Barricading Standards, Specifications, Methods and Materials manual. In placing the barricades, one lane will be left open for police or fire emergency vehicles. The barricade company will be responsible to coordinate barricade and signage placement with the Omaha Police Department, and must have a valid point of contact prior to and during the event.

Include a diagram describing the plans for the event including: streets to be closed, booths, seating, stages and/or entertainment, food service locations, emergency services and fire hydrants, portable restroom facilities, trash containers and dumpsters.

The applicant agrees to the following conditions for issuance a parade or public event permit:

The permittee shall comply with all permit directions and conditions and with all applicable laws and ordinances.

The parade or public assembly chairperson or other person heading the event shall carry the parade or public assembly permit on his/her person during the parade or public assembly.

The permittee shall be responsible for obtaining the services of an approved contractor to perform any adjustment or repositioning of traffic control devices in such a manner that the devices are returned to their condition immediately after the event.

The permittee shall contact all residents and/or businesses whose property abuts the street to be closed. A copy of occupants contacted along the street closing route shall be provided to the City of Omaha, Public Works Department, at least five days prior to start of the event.

The permittee shall be responsible for cleanup of the parade or public assembly location after the event.

I understand that as Event Organizer, I am responsible for ordering barricades and paying application fees, as well as all the conditions prescribed above.
